IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Availability of Monitoring Data for Unregulated Contaminants for

CITY OF HARDIN

Our water system has sampled for a series of unregulated contaminants as part of the EPA's Unregulated Contaminant Monitoring Rule (UCMR). Unregulated contaminants are those that don't yet have a drinking water standard set by the EPA. The purpose of monitoring for these contaminants is to help EPA decide whether the contaminants should have a standard in the future.

As our customers, you have a right to know that this data is available. If you are interested in examining the results, it is located on the EPA's UCMR 5 Data Finder:

<https://www.epa.gov/dwucmr/fifth-unregulated-contaminant-monitoring-rule-data-finder>

PWS ID#: MT0000235.

This notice is being sent to you by: City of Hardin.
